All Russia hope that the change of the tide of war has begun, and for some time the admiralty has declared that only peace could intervene to prevent a final trial for the mastery of the sea.

Unofficial information also indicated that Rojestvensky intended to pass through the straits of Malacca. Some doubt is expressed here as to whether the Russian squadron has yet reached a point so far on its journey.

REVOLT AGAINST CZAR'S CHURCH

Attack on Russian Church Is Attracting Immense Attention.

St. Petersburg, April 10.—The revolt against the tyranny of the church administration is attracting immense attention. The clergy are now speaking their sentiments quite as openly on religion as are Liberals in the political fields. The intimate connection between the movements for the regeneration of the church and the reorganization of the state is set forth in a strong letter printed this morning and ascribed to "A high ecclesiastic," in which the writer says:

"The church as a living idea is inextricably bound up with Russian life and when the Russian public realized that they could not any longer resist without breaking the shackles of the bureaucracy the church awoke from 200 years of lethargy and its first murmur was that it was the universal right of every thinking Russian to do task with freedom."

The letter further declared that for years the clergy were held so closely by the claw of civil power not to an idea, but to the distastes of one man, who virtually said: "I am the church," they had become automatons to register his decrees and now with the prospect of liberty before them they are hardly capable of raising their voices. In the cities, it is added, there have been many instances where the church has been used as a political fachine to stir up hatred and strife between the various classes of the population referring especially to the recent incitement of the ignorant against the intelligent. The writer hails the day when the church is freed from state control and will devote itself to religion and not to policies.

DUNNE FAVORS SEIZURE.

Should Chicago's Street Car Men Refuse to Sell Out Reasonably.

New York, April 10.—Judge Edward F. Dunne, mayor-elect of Chicago, spoke before the Municipal Ownership league last night, declaring that within a very few years Chicago would own all her trolley lines, even though it were necessary to confiscate the property by court proceedings.

Judge Dunne quoted Judge Grösscup's estimate of the actual value of the Chicago street railway as $27,000,000, although capitalized at $108,000,000. Even allowing a fair margin for the value of the franchise, this he regarded as excessive. The market value of the stock, he said, was $86,000,000, and was maintained at that figure by the expectation of further extensions of the franchises and by bogus sales of stock.

To secure funds with which to purchase the roads, Judge Dunne said he would favor issuing street car certificates, payable at the expiration of 10 years, by a sinking fund.

St. Louis Man Caught in London.

London, April 10.—A man named McIntyre, alias Thomas, of St. Louis, was arrested here today on an extradition warrant charged with embezzlement in the United States. Later he was brought up at Bow street Holy court and remanded. McIntyre admitted that he was convicted in the United States and jumped his bail, but he said his bondsman had $15,000 belonging to him so the surety lost nothing. The prisoner told the magistrate that his original offense was not extradiable and that consequently a charge of embezzlement was preferred.

PRESIDENT'S PUBLIC TRIP IS CONCLUDED

He Will Spend Several Days In Oklahoma Hunting.

LARGE CROWD AT FORT WORTH

Veterans of the Civil and Spanish-American Wars Act as Escort—Dense Crowds Along Line of March. President in Perfect Health.

Fort Worth, Tex., April 10.—President Roosevelt and party arrived in Fort Worth at 9:45 o'clock this morning. The night run from San Antonio to the northern confines to the state was uneventful. When the president's special train entered the Texas and Pacific railroad station an enormous crowd was on hand and gave him a hearty welcome.

A committee representing the city council and board of trade entered the president's car and formally welcomed him to Fort Worth. After chating a few minutes with his visitors President Roosevelt entered a carriage and took part in a large parade. The line of march was headed by mounted police and a company of Texas National guards. Then came the president and his party in carriages, followed by organizations of Spanish war veterans, United Confederate Veterans, Grand Army men, state militia and civic organizations.

The line of march was to the court house and down Houston street to the large square facing the Texas and Pacific railroad station. The with enthusiasm. Dense crowds of people packed the streets along the line of march and the president smiled and bowed his acknowledgments.

When the square was reached the president ascended a stand covered with flags and flowers and delivered a brief address.

From the square the president proceeded directly to his train and left shortly before noon for Vernon, Tex. When the train left the station the president stood up on the rear platform and waved his hand repeatedly to the people who continued to cheer cheer him until he was lost to sight.

With the departure of the president from Fort Worth the public part of his trip may be said to have ended. He will reach Frederick, Okla., on the St. Louis and San Francisco railroad, some time this afternoon and will spend several days in hunting trips. The telegraph office at Frederick has been enlarged as to keep the president in touch with Washington and other points.

THREE MEN ARE DROWNED.

Tug Boat Capsizes in Hudson River With Fatal Results.

New York, April 10—The tug Greenville capsized in the Hudson river today and it is believed that three men were drowned.

Three men are believed to have been drowned when the tug Greenville capsized in the Hudson river today. Three others were saved.

The dead:

Captain C. C. Tull, Jersey City.

Nelson Carpser, engineer.

Hayes Ersen, a deck hand.

The Greenville had passed a line to a heavy loaded scow when the scow was caught by the current and began to drift down the river. The line became entangled on the tug, drawing from the side, and the little craft turned over and sank.

Engineer's Body Recovered.

Albany, Ga., April 10.—The body of Engineer Elijah Pate, of the Central road, has been recovered 30 miles below the point where three lives were lost on February 20 by the plunging of a locomotive through an open draw bridge spaning the Chattahoochee river. The bodies of Fireman Bates and Supernumerary Engineer Dobbins were recovered at different dates about 4 miles below the scene of the accident. The body was brought to Albany today for interment. The discoverer of the body will be given a reward of $150.

AN OUTLET TO THE ATLANTIC.

'Frisco System Will Complete Road from Birmingham to Brunswick.

New York, April 10—The railway interests are reported, says The Herald, to be considering the advisability of reaching the Atlantic seaboard through the acquisition of the Atlantic and Birmingham railway by the 'Frisco system. This would give the latter road an outlet to the coast at Brunswick, Ga., from its terminal at Birmingham, Ala. The Atlantic and Birmingham, which runs from Brunswick, to Montezuma, Ga., is making preparations to complete its extension to Birmingham. It is a corporation formed under the laws of Georgia being a consolidation of the railroad company of the same title with the Tifton and Northeastern Railroad company. It has a capitalization of $4,620,000.

It was at one time considered probable that the Rock Island would obtain the Seaboard Air Line for its desired outlet. This and other plans were discussed at various times but never materialized.

SALARY $100,000 PER YEAR.

Head of Canal Commission to Received Princely Compensation.

Chicago, April 10—"Direct business methods, publicity and absolutely no politics—this is the keynote of the policy of the Panama canal commission to which President Roosevelt has seen fit to appoint me president."

This is the declaration of Theodore P. Shonts, President Roosevelt's $100,000 man, who arrived in Chicago from New York on his first visit here since his appointment. Mr. Shonts announced the apointment of Thomas Brown as his private secretary on the canal commission. Mr. Brown has been private secretary to Paul Morton, with the Atchison, Topeka and Santa Fe railroad, for several years. Mr. Shonts also reiterated that he had decided not to resign his position as president of the Toledo, St. Louis and Western railroad, but will direct its affairs from whatever point he makes his headquarters.

Rushing Flour to the Orient.

Seattle, Wash., April 10.—Since the announcement that after July 1 Japan would levy a war tax on flour, large quantities of that commodity has been rushed to Seattle in an effort to secure cargo space on steamers so as to assure its reaching the Orient in time to avoid the war tax. When the great northern liner, Minnesota, sails from here on April 29, she will have between 65,000 and 70,000 barrels and will leave behind some 30,000 barrels for lack of room. The Kanagwa will also take 10,000 barrels when she sails for the Orient today. One company has chartered a special steamer to take 60,000 barrels across, and it is estimated that fully 200,000 barrels will leave Seattle and Tacoma by the first of June.

Elements Damage Grante Tomb.

New York, April 10—Damage by the elements to the tomb of General U. S. Grant on Riverside drive is reported to be causing much anxiety among members of the Grant Monument association, which is interested with the care of the granite pile. Although only seven years old, the white granite exterior shows signs of serious erosion while leaks recently discovered in the dome have caused spots of discoloration on the decorated plaster interior. A waterproof preparation of pariffine will be applied at once to the exterior of the dome and possibly the whole pile will be later treated in the same manner. The stone will take on a slight grayish tint but this will decrease gradually.

Four Hundred Killed in Spain.

Madrid, April 10.—Four hundred persons were killed or injured today by the collapse of a new water reservoir in course of construction. Fifty bodies have already been recovered. The Prince of Tasturias, war minister the governor of Madrid, and a representative of the king, have gone to the spot to superintend the work of rescue. Troops sent to the scene are engaged in helping the sufferers and recovering the bodies of the dead.

PROTESTS AGAINST ROCKEFELLER'S GIFT

Church Must Not Accept Money That Is Anywise Tainted.

PRINCIPLE AN ETHICAL ONE

Prominent New York Divine Gives Reasons Why the Church Should Be Careful About the Constributions It Accepts—Doubts Should Be Removed

Boston, April 10.—Rev. Josiah Strong, of New York, president of the American institute of social science, has joined the protest of the Congregational ministers against the acceptance of the Rockefeller gift to the American board. In a communication to the committee of the protesting clergymen, Dr. Strong says:

"We are told by those who approve the acceptance of the gift that it 'is not the business of the church, charitable organization or missionary society to sit in judgment on the character of the contributions to their work.' This simply begs the real questions at issue. Can a church or society thus wash its hands of all responsibility touching all gifts which may come to its treasury without violating fundamental principles of ethics? A man may become possessed of money to which he has no moral right in a great variety of ways, but whatever the method, the fundamental ethical principle remains the same; namely, that a man has no right to give that which is not his, and no one has a right to receive a gift which the donor has no right to give. This ethical principle, which is beyond all possible question, is precisely applicable to the case in hand, and the Prudential committee cannot vacate it by refusing to recognize it. It is charged by many that Mr. Rockefeller has acquired a large proportion of his wealth by illegitimate methods and that to such ill-gotten gains he has no moral right (legal rights do not enter in the discussion). Multitudes believe that undisputed facts raise a reasonable doubt, to say the least, whether Mr. Rockefeller has a moral right to the money which he gives away. It follows, therefore, that the board has not right to accept his gift until that reasonable doubt is removed.

For more than twenty years we have deplored the fact that workingmen as a class refuse to attend church. When asked why, the habitual reply is that the churches belong to the capitalistic class, which is not dealing justly by labor. When men who have kept back the laborer's hire contribute largely to the religious objects and their gifts are accepted, workingmen believe that the church condones the the injustice and are embittered toward her. The conscience of the church touching wealth profoundly needs quickening. The new conditions of society demand higher ethical standards. This is a most favorable time to respond to the new need."

American Cruisers at Monte Christi.

Washington, D. C., April 10.—The navy department has been informed that the cruisers Brooklyn and Dixie have arrived at Monte Christi, Santo Domingo to assist in patrolling the waters of that republic during the administration of the customs service by agents of the United States. Rear Admiral Sigsbee, who is now at Monte Christi, on the cruiser Newark, will transfer his flag to the Brooklyn and the Newark will proceed to New York to be fitted out for duty at the naval academy.

Meningitis Appears in Michigan.

Sheboygan, Wis., April 10.—Spinal meningitis has made its appearance in Sheboygan county and has already claimed one victim. The 6-year-old son of Mr. and Mrs. Eugene Pearl, of Russell, this county, has succumbed to the dreaded disease. City Health Officer Belch says there is only one case of the disease in the city at present, but that there has been several deaths from it this winter. he does not believe that it will become epidemic.

THE MILLS OF THE STATE LAWMAKERS

Senator McCreary's Educational Bill Is Heartily Endorsed.

PROTEST AGAINST CHARTER

"W. J. Carpenter, Pastor,
"Cor. Platt and W. Sixth Sts.,
"Tampa, Fla., April 7, 1905.

"Dear Senator McCreary:

"I am glad you have introduced a bill for uniformity of school books. There are not less than 1,000 families who change their place of residence in the State every year. It will cost each of these families $5 per year for school books. Should they change from one place to another during the school year the cost would be doubled. I have paid out $5 for books since coming to Tampa.

"Had there been a uniform law I would have had just as good books with no cost at all. Will the bill pass? Can I do anything to help it along?

"Respectfully,
"W. J. CARPENTER."

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

NEWS OF CITY AND COUNTY CONDENSED

C. L. McLain and son John of Luraville, who are spending several weeks in this city, returned Sunday from their home, where they have been on a brief visit. They are now pleasantly located at the home of Mr and Mrs. J. Mixson, South Pleasant street.

The Cater residence, North University street, occupied by the family of T. S. Dorsey, is being improved by the liberal application of paint. The house will also be repapered with the latest creations in fancy designs. The work is being done by E. H. Waters.

County Tax Assessor W. W. Colson, desirous of keeping up with the times, as well as working with some degree of comfort, has installed in his office a handsome bookkeeper's desk, which is an ornament to the office and a great convenience to the assessor and his valuable assistant, Mr. Miller. The desk has ample capacity, hence affords convenient room, and makes a great change in the office. It is made of Florida curly pine, and will last for an indefinite period.

A Dare-Devil Ride

Often results in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at all druggists.

House to be Improved.

The elegant Denham home, East Church street, owned by Captain W. B. Denham and now occupied by H. A. Ford, and which was recently purchased by W. R. Thomas, will be improved. While the house is now one of the best in the State, as far as construction is concerned, Major Thomas has decided to improve the building by having it repainted, and Sternberger & Phillips have the contract. The house, which has been of a dark color, will be finished in white with green blinds, which will make a most attractive contrast.

TENT MEETINGS PROSPER.

Crowds, Which Started Slow, Are Becoming Larger Every Day.

The tent meetings, which are being held at the corner of East Union and South University streets every day, are meeting with the approval of a great many, with the result that the crowds are growing larger and more interested every day. The meetings are being conducted under the direction of Elder Crislen of Orlando, assisted by Elder W. L. Killen and wife, also Mrs. Mitchell of Lakeland. Elder LeRoy T. Crislen of Orlando, a minister of great force and eloquence, is expected today to assist in the meetings, which will be continued for several weeks.

Elder Crislen, who has had charge of the meeting here since it began, is a pleasing speaker, and is ably assisted. A cordial invitation is extended to all who desire to attend. The tent is absolutely waterproof, and is provided with comfortable seats.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

ROYAL PARTY AT MARSEILLES.

England's King and Queen Arrive in Southern France.

Marseilles, April 10.—It is expected that the British Royal yacht Victoria and Albert, with King Edward and Queen Alexandria, on board will sail today although a violent storm in the Mediterranean may delay her departure. The first stop of the yacht will be Port Mahon, Island of Minorca. Her ultimate destination has not been disclosed, but the fact that Port Mahon is on the direct route to Tangier, Morocco, gives rise to the reports that King Edward may stop at that port. The officers of the yacht refuse all information regarding the continuation of the Victoria and Albert.

King Edward mounted the bridge of the yacht this morning and surveyed the horizon. The crowds of people lining the quays cheered the king when he appeared on deck.

16,000 Babies Born in 4 Months.

New York, April 10.—Sixteen thousand babies were born in New York in the last four months. Figures compiled by the bureau of vital statistics show that Fifth avenue has the lowest birth rate of any street in the city. Less than ten births were reported in the wealthiest section of that thoroughfare. The heaviest birth rate is on the East Side, near Division street, where the conditions are the reverse of those on Fifth avenue.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

Police Escort Loaded Wagons.

Chicago, April 10.—Under heavy escorts of police, a number of wagon loads of freight were sent to various railway stations to day by Montgomery, Ward & Co., despite sympathizers with the company's striking teamsters and garment workers. The drivers were jeered, and crowds congregated but the police in force kept the wagons and spectators moving. Many arrests were made.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

Eczema made its appearance on my left limb the size of my thumb in 1893, and spread until it was large as my hand, burning, itching and paining me, and for which I could get no relief, until seeing the other cures advertised by you I wrote and secured the advise of your physicians, commenced S. S. S. and it cured me.

SPRING PARK FARM.

Callison Extends Courtesies to Gainesville Friends.

The reporter of The Sun, with his family, had the pleasure a few days re- ently of being entertained by N. A. allison, manager of Spring Park Farm, that hospitable, clever manner for hich Mr. Callison has been noted for veral years. As one visitor expressed himself, the genial host almost "made him tired" in an endeavor to provide for his comfort—but of course the com- plaint came in a good-natured way.

Mr. Callison never tires of doing something for the comfort of those friends who go to see him, and it is seldom he is without company.

Through the courtesy of Mr. Callison we were shown through a section of the farm, which comprises a large tract. The Hereford and Jersey registered cattle, and the Berkshire registered hogs, the registered Angora goats, are all doing nicely. Of the Hereford stock there is one male cow weighing 2,000, and another about 1,600, both of which were prize winners at the World's Fair, St. Louis, and which were purchased recently by the breed- ers in Texas.

Mr. Callison has forty-six head of registered Hereford and Jersey cows, six head of registered Berkshire hogs, and a number of Angora goats on the farm of the Spring Park Stock Farm Company. The largest of the hogs tips the beam at 640 pounds, although all are large. It is safe to say that this is the best stocked farm of genu- ine registered cattle in the State.

FEEBLE OLD PEOPLE.

For All Such People in Gainesville We Guarantee Vinol Will Create Health, Strength and Vitality, or Return Money.

Hundreds of old people right here in Gainesville need just such a strength maker and body builder as our delicious cod liver oil preparation, Vinol; and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will infuse new life, invigorate every organ in the body, stop the natural decline and make them well, vigorous and strong.

If you want to know how an aged, feeble, discouraged man or woman may be made active, cheerful and vigorous, read this letter:

Mrs. Catherine Therer of Albany, N. Y., writes: "Six months ago I felt that I was broken down by age, and I was doomed to the weak and feeble condition of old people. The slightest exertion tired me, and I had no strength. My daughter brought me a bottle of Vinol. I soon felt an improvement. I continued its use, and am now well, cheerful and stronger than I have been for years; in fact I feel ten years younger."

Vinol is not a strong stimulant which reacts on the system, but it is a genuine tonic and body builder which creates strength by building up every organ in the body to do its work as nature intended, and makes rich, red blood. In this way it stops the natural decline and replaces weakness with vigor. We wish every old person in Gainesville would try Vinol on our guarantee to return money if it fails. Take a dose of Vinol after each meal and every night before retiring and note its beneficial effect. W. M. Johnson, Druggist.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Roosevelt's Cabin Reproduced.

Portland, Ore., April 10—The Lewis and Clark exposition company has granted Gov. Searles, of North Dakota, space in the agricultural palace in which to exhibit the cabin in which President Roosevelt lived in when he was a cowboy on the ranges of North Dakota. The cabin was shipped to Portland intact, as a part of the North Dakota display at the fair.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Man Scalded to Death.

Peoria, Ill., April 10—Jerry Hardy and George Wagner, employed as cattle feeders at the American Distillery at Pekin, were scalded to death today. The men were working on the top of a tank of hot distillery feed when the boards gave way precipitating them into the boiling mass. Hardy was cooked to death instantly and Wagner died shortly afterwards.

GRACY'S HEAVY LOSS.

About $1,000 Worth of Lumber Destroyed by Fire at His Mill Sunday.

Mr. and Mrs. L. C. Gracy of High Springs were among the visitors to this city Monday.

Mr. Gracy reports the loss of about $1,000 worth of lumber from the yard of his mill Sunday, the same having caught from a forest fire, and the flames could not be checked until great damage had been done. Fortunately, the mill, which is a valuable one, was saved.

Friends of Mr. Gracy sympathize with him in the loss.

Cures Coughs and Colds.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson

Horses Burned to Death.

Newbern, N. C., April 10—L. G. Daniel's livery stables, S. Dill's livery stables, the Gaskill Hardware and M. Supply company's Craven street store and Jno. Green's plumbing establishment, were burned. There were 15 horses in the Daniel stables and they were all killed. The loss was about $27,000, partially covered by insurance

With the talk of building a mansion for the Governor there comes a boom in Tallahassee real estate.

The Russian soldiers are said to have plenty of provisions, but they just ain't got no time to stop and eat.

If peace should be declared now in the Far East, the newspaper paragraphers would have a lot of dead stock on hand.

The only reason some people would never be president of the United States is that they would not stand out of doors on a raw day in March and be inaugurated.

Should the State establish a printing office it might be a good idea to publish our own school books, which would also furnish more work for such an institution and let the State make the profit.

The Southern Cotton Association was organized, it was supposed, to protect the growers against the tricks of the gamblers, but with Dan J. Sully's name as president, it will be looked on with suspicion.

The Lakeland News thinks the town had better wait a while before they launch out a daily paper. And The News man knows a thing or two about publishing papers, for he sends out a weekly that is certainly a credit to the town.

Major George Butler having resigned as editor of The Lake Butler Star, Avery G. Powell has again assumed the quill and tripod and promises to do all in his power to give the people of Bradford county the best he has in store. Major Butler will assume charge of the job printing, and The Star will twinkle just the same, and we hope it will have no clouds to obstruct its rays shining where all can see.

Dr. Lewellys Franklin Barker of the University of Chicago has been chosen by the trustees of Johns Hopkins University to fill the vacancy caused by the resignation of Dr. William Osler. Dr. Osler, who, as professor of medicine in the great Baltimore institution, was held to be at the head of his profession in America, achieved much popular prominence recently through utterances credited to him advocating the chloroforming of men over 60 years of age.

The general activity manifested in every portion of the State is proof of the greatness of Florida. And when the full capacity of her resources are known, it will be proven that no one article from her diversified products can seriously cripple her progress and prosperity. If oranges fail, we have tomatoes; if tomatoes should be ruined the potato crop is still with us; and we might go along down the line of various crops and still find a plenty to divert a famine unless we had a complete upheaval of the whole State.

ONLY BLUSTER.

Someone made a remark about fooling the people, etc., which will no doubt prove literally true before many years. There has been a great deal of bluster and bluff about a certain gentleman who fills a most high place in the affairs of this government at Washington, when not romping with the festive cowboy, and it has seemed to come to naught in so far as the people have experienced any relaxation from the iron hand of the trusts and monopolies up to date, and there is growing a certain restlessness that will not be put off with promises much longer.

Mr. Roosevelt may be sincere, but he will find ere long that the people also are as dead in earnest as Mr. Roosevelt is, and it is plain to be seen that so far he has been standing them off with only promises that are sure to avail nothing, for even if he has the Senate with him the House is body and breeches against anything that will do the least to help the people to one jot or tittle of relief.

The only way relief can be hoped for is through the votes of the people, and the recent city election in Chicago may be taken as indication of the direction of the breeze which is being fanned up to a cyclone by the usurpation of the rights of the people. The election being in an off year, when the Republican machine is not putting up big money for votes, shows the strength of the Democratic party at its normal stage, and if the general elections were conducted on the same principle, the result might be a Democratic triumph.

It will lead to something, this continuation of broken promises and long-drawn-out trials resulting in acquittal of the guilty trusts, and if we can only unite on a sound principle and stand by the people, there will be a rout of the man of promises that he never dreamed he would fulfill.

Discussing the maintenance of the higher school of learning Governor Broward in his message says: "I therefore recommend that such a thorough and systematic reorganization of these schools be provided for as will accomplish, as nearly as possible under the existing conditions, the end outlined above, and that the funds out of which they will be supported be raised by a specific levy for that purpose, after a careful estimate of their respective needs, and that they be no longer dependent upon the general revenue fund for their support. It is the constant purpose of each State administration to reduce the levy for general revenue purposes to that point where the expenditures made and amount raised shall be equal; which condition of affairs, if attained, would leave no balance in the treasury for the maintenance of these higher institutions of learning."

A correspondent to The Times-Union favors the erection of a State prison, where convicts could be learned a trade. There are few prisons where convicts are learned a trade these days, but there are many where they have more of the comforts and pleasures than the poor, honest workmen who toil day by day to support their families. In some of the State prisons the inmates have operas furnished by the authorities and other amusements, and the writer remembers an instance where a prisoner requested the judge before whom he was sentenced to send him to Jackson, if he would, as "they had a baseball team there and he was fond of the game."

Some women are unable to play on any instrument except the ear-drum, and they often make discords where harmony would otherwise be found.

BOATING ON THE NILE.

The Best Pilots Run Aground Two or Three Times a Day.

Navigation on the Nile is not so complicated a matter as upon the north Atlantic, writes Alonzo Clarke Robinson in Outing. To run at full speed upon a sand bar is an occurrence of such frequency as hardly to elicit a comment from the passengers. The crew take more interest because they are obliged to push the boat off again with poles, and this entails a great amount of shouting and some work. The Nile below the first cataract is a fairly broad, muddy river, flowing between deposed banks varying from six to eight to twenty to thirty feet in height. Its surface is interrupted everywhere by sand spits and islands upon which are to be seen thousands of birds. The channel, if such it can be called, winds from one side to the other and changes completely with every flood; hence even the best pilots run aground two or three times a day. It is, of course, impossible to proceed at night, and each day's voyage comes to an end wherever darkness happens to overtake one. The boat's nose is simply run plump on the bank, two men leap out and drive stakes to which to make fast, and there you are for the night. A very simple and effective method, without any ostentation and requiring very little knowledge of mathematics; it has also the advantage of variety. Sometimes one finds oneself alone beneath the wonderful Egyptian moon lighting up the river, the distant cliffs and the silent, empty plain, or perhaps one stops near some little native village, in which case the bank is lined with silent, curious figures, who crouch for hours wrapped in their white cloth coverings. Once we tied up beside a lonely brick kiln. The sight was a weird one. The red flare of the furnace, fed with sugar cane, cast intermittent flashes of light into the night, in and out of which moved black half naked natives, while overhead was the cloudless, star lit sky of Egypt.

Old Time Railway Travel.

Third class passenger coaches in England used to be coupled on next to the engine. The travelers came in for terrible treatment when any accident occurred. At times the engine was driven tender first, in which case frozen hands could be warmed at its smokestack. The passengers were packed, seventy of them, into a truck eighteen feet in length by seven and a half in width. There was no roof and not, as a rule, proper protection at the sides.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Mrs. Rufus Gladney has been visiting at Williston for several days.

Cotton Mills To Be Sold.

New York, April 10—A petition by Walter Coles Cabell, trustee in bankruptcy for the northern textile company has been filed with William Allen, referee that notice be sent out to all persons in interest and creditors to show cause at a meeting April 17, in this city, why certain mills of the company located in North and South Carolina, Alabama and Missouri should not be sold by the trustee free of the lien. The petition also asks that the funds arising from the sale after deducting necessary expenses of the same, be paid into the court to remain subject to the liens and equities of all parties in interest.

Denmark's King 87 Years Old.

Copenhagen, April 10.—King Christian today celebrated his 87th birthday in excellent health and spirits. He received numerous telegrams of felicitation from sovereigns and other heads of states and held a reception of the diplomatists and others. Mr. Swenson, the retiring American minister conveyed to the king President Roosevelt's congratulations and as dean, the good wishes of the diplomatic corps.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

CORONER'S JURY FIXES BLAME

Death of Alabama Miners Charged to the Operators of Mine.

Birmingham, Ala., April 10.—The coroner's jury, which has been investigating the Virginia mine disaster in which 111 persons lost their lives returned a verdict yesterday which charges four mine operators with wilful and criminal negligence.

The jury returned a separate verdict in the case of each man killed in the mine, which sets forth that the deceased came to his death by explosion in the Virginia mines, Jefferson county, Alabama, on the 20th day of February, 1905, said explosion was a dust explosion caused by the collection of dust that was allowed to accumulate in said mines of Alabama Steel and Wire company and their agents, although the state mine inspector and his assistants had repeatedly warned them of the dangerous condition of the mine over a year prior to the explosion, and that the said John Brown came to his death in an unlawful manner by the wilful and criminal negligence of Everett T. Schuler, Geo H. Schuler, Amos W. Reed and Sam Hartly, operators, managers and mine foreman of said mine, against the peace and dignity of the state of Alabama.

No Dispensary for Asheville.

Asheville, N. C., April 10.—Approximately three-fourths of those casting their ballots at today's election piled up an overwhelming majority against the establishment of a municipal dispensary in Asheville to replace the open saloons. The size of the majority was a surprise to the leaders of each side. The actual majority was 529. The campaign was one of the most bitter in the history of the city. The loss of the prohibition vote upon which the dispensary advocates had counted proved a death blow.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK. 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

When leading physicians said that W. M. Conditions in Venezuela.

New York, April 10—Details are lacking as to the adjustment of the external debt of Venezuela, says a Herald dispatch from Caracas. The settlement of the international debt is rigorous. $1,000,000 to Superannuated Preachers

Melrose, Mass., April 10.—The conditional pledge by Andrew Carnegie to give $1,000,000 to the fund for superannuated preachers was announced to the New England Methodist conference here today by the Rev. Dr. Jas. Boyd Brady, field agent of the preachers' aid society, who was appointed last year to raise a fund for this purpose. Dr. Brady stated that Mr. Carnegie has promised to give the last million dollars of a fund of $25,000,000 to be raised by the society.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

OUR INAUGURAL OATH.

It Is the Shortest and Simplest Taken by Any Ruler.

The oath of office taken by the incoming president of the United States is the shortest and the simplest required of any ruler on earth. It is prescribed by the constitution and is as follows:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and, to the best of my ability, protect, preserve and defend the constitution of the United States."

This oath is slowly repeated by the president elect after the chief justice of the supreme court, in the presence of the public upon a platform erected in front of the main door on the eastern side of the capitol. While the oath is being repeated the president elect and the chief justice face each other and hold with their right hands between them a Bible furnished by some person interested or especially procured for the occasion, which becomes the property of the president after it has been appropriately inscribed and sealed by the chief clerk of the supreme court.

At the close of the oath the president elect bows his head and kisses the open page of the book, and it has been customary for him or for his wife or a friend to select some appropriate passage at which the book shall be opened and the verse upon which he shall press his lips. Sometimes, when those interested forget or neglect to choose a passage, the Bible is opened at random, but the clerk of the supreme court is always careful to note and mark the exact place where the lips touched the page.—Chicago Record-Herald.

GENERAL NEWS.

DEATH SENTENCE FOR NEGRO.

Black Assailant Will Pay Penalty of His Crime on Gallows.

Americus, Ga., April 10—Tobe Thornton, the black assailant, will be hanged for his crime. Such was the result of the verdict rendered yesterday in Webster county court, after the jury had remained out 30 minutes.

The verdict met with universal approval, although there was no applause or demonstration of any character among the hundreds of spectators thronging the court room.

On the night of Dec. 27, 1903, Thornton entered the home of Miss Margaret Dismukes, a maiden lady residing near Preston, during her absence. Upon Miss Dismukes' return home, Thornton sprang upon the helpless woman in the darkened hallway, beat her into insensibility and assaulted her, afterward leaving his victim for dead.

When Thornton was captured near Americus two days later he still wore the bloody underclothing, while his face bore the scratches inflicted by Miss Dismukes' finger nails.

He then confessed the crime for which he was sentenced this afternoon to death on the gallows.

Rip Saw Kills Man.

Waycross, Ga., April 10—R. F. Proctor, a young man employed at the plant of the South Atlantic Car and Manufacturing company, in this city, received injuries yesterday, from the effects of which he died this afternoon at the home of his parents, Mr. and Mrs. J. C. Proctor, on Albany avenue. The young man was operating a rip saw, it appears, when a piece of plank got caught in the machine and was thrown back with great force, striking Proctor on the side and head rendering him unconscious for some time. It was soon seen that he could not live, though he finally regained consciousness.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 839, St. Louis, Mo. Send for testimonials. Sold by all druggists.

All remedies failed, until I used two packages of Satinola, which completely removed the freckles and pimples. My complexion is now perfect, and hope every lady having freckles or pimples will try Satinola." Price 50c and $1.00, by leading druggists, or mail.

PHIFER BROS.,
Phifers' Corner, Gainesville, Fla.

Mrs. H. H. McCreary has returned from High Springs, where she has been on a pleasant visit to relatives.

Rev. P. J. Lynch has returned from a professional visit to Hawthorn, where on Sunday he conducted services in the Catholic church.

Nicely furnished rooms to rent en suite. For particulars apply on premises, Turner house, 207 West Liberty street. Most desirable location in the city. tf.

Perry M. Coleon departed yesterday for Newberry on business. He reports that work is progressing nicely on the extension of the Jacksonville and Southwestern railroad from Newberry to Perry, Taylor county.

We have been requested to announce that the Ladies' Foreign Missionary Society of the Methodist church will hold a meeting in the lecture room of Kavanaugh Methodist Church this afternoon at 3:30 o'clock. Ladies will please bring their Advocates. A great meeting is anticipated—a meeting full of interest—and a large attendance is earnestly requested and desired. By special request Mrs. J. F. McKinstry will sing "The Ninety-Nine."

Mrs. Frank H. Rosborough and her charming daughter, Miss Nellie, of Uniontown, Pa., who have been here for the past few weeks as guests of the Brown House, departed yesterday for Jacksonville. After a couple of weeks' sojourn in that city they expect to proceed to their Northern home. They are well pleased with Florida, especially Gainesville, and made many friends while here who hope to have them return early next season.

C. A. Williams of Alachua, one of the leading citizens and business men of that progressive town, was a visitor to this city yesterday. Mr. Williams states that Alachua is on the verge of a building boom, and that indications were that three elegant new brick buildings would be erected there in a short time. Considerable building is already being done, and altogether "things look good" for Alachua and her people, commercially and otherwise.

The Helping Hands Society of the Presbyterian church do not want the public to forget the elegant hot supper, to be followed by a bazaar, which will be given at the opera house on Tuesday and Wednesday evenings, the 11th and 12th inst., beginning at 5 o'clock. A fine hot supper, prepared especially by the ladies for this occasion, will be served at prices very reasonable. The menu will comprise excellently prepared turkey, chicken, salads, tea, coffee, ice cream, cake, etc., and satisfaction is guaranteed. Fancy articles, donations from the ladies, will be sold at reasonable prices.

One of the "sights of the century" was witnessed at the ticket office of the Atlantic Coast Line yesterday, when "Mr. and Mrs. Tom Duke," colored, of Wacahoota, filed into line with their twelve children to wait for the train for High Springs. This was indeed an interesting, as well as amusing sight, since the children, the complexions of whom are as dark as the proverbial ace of spades, are from the mother's arms up to about fourteen, and the mother declares she is not over thirty. Of the entire "bunch" only four tickets were required for transportation, the other children being under the required half-limit.

NOTICE.

Having sold my interest in the Baird Hardware Co., I am no longer connected with that establishment. I beg to thank all who have patronized the house on my behalf. Very respectfully,
T. J. SWEARINGEN.
